

GEMOFOR
FOR A WORLD OF PERFORMANCE

GEM-O-2000P

Modular Planer

FOLLOWS YOUR PRODUCTION RHYTHM....

GEMOFOR's modular planer stands out with its capabilities to adapt to any kind of mill. It is as efficient at high speeds as it is at low speeds.

This equipment can be designed and fabricated with any number of cylinders and heads, and any profile required by your production.

Advantages

- Lineal roll bearing displacement minimizes wearing.
- Jointers provided.
- Screwed modular assembly.
- Each roll is motorized individually.
- Double-section in-feed table reduces unwanted vibration.

Speed

- Up to 2000 ft/minute.

Specifications

- Screw adjustments on charge bearing.
- Adjustments and locks: manual or automatic.
- Quick clearance by pneumatic cylinder.
- High-speed shaft on high-precision bearings.
- Chromed wear parts.
